Re: WT Docket No. 07-195 -- Notification of Oral Ex Parte Presentation

Dear Ms. Dortch:

On April 22, 2008, John Muleta, Milo Medin, Mike Meece and the undersigned, on behalf of M2Z Networks, Inc, discussed issues relevant to the AWS-3 rulemaking with Wireless Telecommunications Bureau Chief Fred Campbell, Mr. Joel Taubenblatt, and Mr. Walter Strack. During the meeting, we discussed the AWS-3 proceeding and advocated that the Commission incorporate into the 2155-2175 MHz band flexible and technology neutral service rules much like those applied to the successful and recently concluded 700 MHz auction in order to make available a free and family friendly nationwide wireless broadband service.

Pursuant to Section 1.1206(b) of the Commission rules, an electronic copy of this letter is being filed. Please let me know if you have any other questions regarding this submission.

Sincerely,

A handwritten signature in black ink, appearing to read 'Uzoma C. Onyeije', with a long horizontal stroke extending to the right.
